CAREER OBJECTIVE

- To grow as a software developer and contribute to the development of innovative applications. I am passionate about continuous learning and leveraging new technologies to enhance my skills, solve complex problems, and drive technological advancement in the industry.

KEY SKILLS

- Core Skills - Java , SpringBoot , Flutter , MongoDB , Firebase .
- Soft Skills – Adaptability , Curiosity and Learning Agility.

PROFESSIONAL EXPERIENCE

Zero Touch Eco-Soft   Thane , Mumbai
Associate Software Developer   March 2024 – Present

Spearheaded the development of the customer-facing e-commerce app using Flutter, integrating essential features such as Google Maps, secure payment gateways, advanced product filters, and sorting options.

- In Charge of Customer App Development , Led the development and maintenance of the customer-facing e-commerce app using Flutter, managing all aspects from design to deployment.
- Regularly performed code reviews and implemented best practices, improving the overall code quality and maintainability.
- Improved user navigation and product discovery, which increased user engagement.

PROJECTS

1) E-commerce Mobile Application [Link]   Sole Developer

Developed a full-stack mobile application focusing on Women's fashion, incorporating essential features such as order management, shopping cart functionality, user profiles, admin dashboard, secure payment integration (Stripe), and location services (Google Maps).
- **Technologies Used:** Flutter for cross-platform development, Firebase for backend services (authentication, database), and Stripe for payment processing.
- **Achievements:** Successfully launched and maintained a scalable e-commerce platform , Enhanced user experience through intuitive navigation and streamlined checkout process ,Integrated secure payment methods, ensuring smooth transactions and customer satisfaction.

2) Student MS Mobile Application   Sole Developer

Developed a mobile application to Store , Delete , Retrieve , Update Student Details.
- **Technologies Used:** Flutter for cross-platform development, SpringBoot for backend services and MongoDB for database.
- **Achievements:** Streamlined student data management, resulting in improved academic tracking and reporting capabilities.

EDUCATION

Bachelor of Computer Applications (BCA) 2021-2023
- *Completed at Sahyog College with an average of 86.94% across all semesters.*

ACHIEVEMENTS

- Awarded First Rank in more than 4 semesters, demonstrating consistent academic excellence.
- Rewarded as BestPresenter in CODEBUG EVENT conducted by college.

CERTIFICATION 2022-2023
- Completed Diploma in Software Programming with a remarkable 94.5% GPA.

SKILLS AND PROFESSIONAL DEVELOPMENT
- Actively learning and applying Spring Boot microservices architecture and other modern web development frameworks.
- Currently engaged in building projects to solidify skills in Spring Boot, React, and related technologies.
- Pursuing continuous professional development through online courses and practical project work in Spring Boot microservices.

OTHER PROJECTS

- Bus Booking System (Java,Swing,Mysql)
- School Website (ASP.NET)
- Password Generator (Python)
- Cafe Management System (VB.NET)
